

I strongly object to today's decision to loosen the limits on media consolidation. This will lead to poorer programming both locally and nationally. Local programming will be cut by large networks cutting costs to compete. National programming will have fewer perspectives and will be more susceptible to being abused to manipulate public opinion.

Please stop this madness and make decisions that are in the best interest of all Americans, not in the interests of a few multinational corporations that have lobbied heavily for your decision.

Thank You.
